FLE TRIBE

WEEK 18 · THURSDAY · LESSON GUIDE

Demo day prep

This week: Finish, polish and present your capstone.

A 5-minute demo

- **The problem** (30 seconds): who has it and why it matters.
- **Live demo** (2 minutes): the main task, start to finish.
- **One challenge** (1 minute): something that broke and how you fixed it.
- **What you learned and what's next** (1 minute).

Practise

Say it out loud three times and time yourself. Keep screenshots ready in case the internet fails during the demo.

Research questions

Answer these in the app, in your own words, to unlock the next lesson.

1. Write your 5–minute demo outline.
2. What question are you most afraid of, and how will you answer it?
