Due: Friday, 23:59 **Submit:** Portfolio link + GitHub profile link

Done when

- [ ] Portfolio site live on Vercel
- [ ] GitHub profile README and pinned projects
- [ ] One-page CV as a PDF
- [ ] Applied to at least 3 roles (keep a list)

How to submit

Portfolio link + GitHub profile link, by 23:59 on Friday. Submit it in the app on this week's Friday page: paste the link to your work and add notes for your reviewer (what you built, one thing that broke, and how you fixed it).

Complete the task **independently**. You may research and ask questions, but the work must be your own.

How it's reviewed

- **Works**: it does what the brief asks.
- **Clean**: readable, well named, no dead code.
- **Understood**: you can explain every line.
- **Shipped**: submitted on time, with a short README.

Be ready to discuss on Saturday

- Show your portfolio. What would a recruiter see first?
- Share one application you're proud of.
- What's your plan for the next month?
