WEEK 19 · MONDAY · LESSON GUIDE

Your portfolio

This week: Get ready for your first frontend job: portfolio, GitHub, CV, applications and interviews.

Your portfolio

- Show your 3 best projects, each with a live link, GitHub link, one screenshot and two lines on what it does and what you learned.
- Add a short "about me" and a way to contact you.
- Make sure it works on a phone and loads fast.

Research questions

Answer these in the app, in your own words, to unlock the next lesson.

1. Which 3 projects best show what you can do?
2. Ask a friend: what do they remember after 30 seconds on your portfolio?
