WEEK 03 · FRIDAY · ASSIGNMENT BRIEF

Give your profile page style

Style your Week 02 profile page with your own CSS (layout comes next week).

Due: Friday, 23:59 **Submit:** A shared link (CodePen, Google Drive or GitHub)

Done when

- [ ] An external stylesheet linked from your HTML
- [ ] Two Google Fonts and a consistent colour palette (at least 3 colours)
- [ ] Comfortable spacing using padding and margin
- [ ] Text that passes a contrast check
- [ ] Visible focus styles on links and buttons

How to submit

A shared link (CodePen, Google Drive or GitHub), by 23:59 on Friday. Submit it in the app on this week's Friday page: paste the link to your work and add notes for your reviewer (what you built, one thing that broke, and how you fixed it).

Complete the task **independently**. You may research and ask questions, but the work must be your own.

How it's reviewed

- **Works**: it does what the brief asks.
- **Clean**: readable, well named, no dead code.
- **Understood**: you can explain every line.
- **Shipped**: submitted on time, with a short README.

Be ready to discuss on Saturday

- Show your page before and after CSS.
- Which CSS rule surprised you the most?
- How did you choose your fonts and colours?
